#### Description

##### Ink Remover Pen

**ACS IR-163 Ink Remover Pen** is a product specifically formulated to remove soils from finished leathers, e-Leather and vinyl surfaces. **ACS IR-163 Ink Remover Pen** is a product specifically made to remove recent ink marks.

#### Product Advantages:

- Quickly removes fresh ink and stains from leather, e-leather and vinyl
- Can be used on any color leather
- Removes Ink, coffee, blood, scuff marks, lipstick, crayon
- Non-toxic, bio-degradable
- User-friendly

#### Directions of Use:

Clean affected area with **ACS LC-364 Leather Cleaner** prior to ink removal. Test **IR-163 Ink Remover Pen** in an inconspicuous area to test for color fastness.

Do not proceed if any paint finish transfers to cloth unless touch-up finish is available.

Rub **IR-163 Ink Remover Pen** along the ink stain using circular motions and moderate pressure. Periodically, wipe residue from the pen head. This will prevent spreading of the ink stain. You will see the application begin loosening the stain from the surface.

Allow the solution to remain on the surface as the ink stain becomes loosened (approximately 30 seconds). Blot dry with a microfiber towel and repeat as necessary. Once stain is removed, re-clean with **ACS LC-364 Leather Cleaner** and then condition area with **ACS LCP-382 Leather Conditioner/Protector**.
