

Interior Biodegradable Degreaser

Part # LVS-376

DATA SHEET

Aviation Cleaning Supply • 1 Warren St. • Johnstown • NY 12095 • 518.705.4038

Description

Interior Biodegradable Degreaser

ACS LVS-376 is safe natural solvent/detergent used to replace chlorinated solvent cleaners as well as caustics and "butyl cellosolve" products. **ACS LVS-376** is powerful, highly concentrated biodegradable degreaser effective against tough grease and grime. **ACS LVS-376** is recommended for removal of oils, grease and dirt from floors, walls, toilet bowls, and carpeting. **ACS LVS-376** is a great gum remover on carpet and other fabric areas.

Product Advantages:

- Imparts a fresh, citrus odor to the work place
- Quickly penetrates oils, greases, adhesives, shop soils, and impacted grime
- Safe on all metals including aluminum, galvanized, zinc, and tin
- Upon standing, soil will separate, reducing cost of disposal
- Biodegradable multi-purpose cleaner

Direction of Use:

ACS LVS-376 can be used as a lavatory soak.

Apply **ACS LVS-376** with a heavy spray.

Use **ACS LVS-376** undiluted or diluted with up to 3 parts of water, depending on soil conditions.

When using **ACS LVS-376** on floors, carpets and walls, use a 3 to 1 ratio depending on amount of soil.

Before using **ACS LVS-376** on rubber, plastics, vinyl tiles or similar surfaces, run spot test in an inconspicuous area to determine compatibility. Use with solvent resistant equipment.

Chemical Properties:

Appearance: Clear orange liquid

Specific gravity: 1.02 - 1.03

pH concentrate: 12.5

Phosphates as P%: 0.4

Health & Hazards Rating:

Category	NFPA	HMIS
Health	1	1
Reactivity	0	0
Flammability	2	2
Protective Equipment	None	B

LVS-376 Conforms to:

AMS 1550B: Cleaner, water-base, aircraft interior hard surface materials
