Biodegradable Degreaser/Concentrate

Part # GW-374 DATA SHEET

Aviation Cleaning Supply • 1 Warren St. • Johnstown • NY 12095 • 518.705.4038

Description

Biodegradable Degreaser/Concentrate

ACS GW-374 Biodegradable Degreaser/Concentrate is a neutral, concentrated blend of d-Limonene, biodegradable hydrocarbon solvents and synthetic detergents, designed for rapid penetration of oil, landing gear, hydraulic fluid, carbon build-up, grease, tar, asphalt and other similarly impacted soils.

ACS GW-374 is safe on all metals, plastics, glass, concrete, painted and unpainted surfaces. Test before using on rubber, plastic, vinyl and painted surfaces. Use with solvent resistant equipment.

Product Advantages:

- Highly concentrated
- Biodegradable
- Contains no petroleum, aromatic or chlorinated solvents
- No phosphates
- No alkaline builders - neutral pH

Direction for Use:

Use a heavy spray, dip tank immersion or brush on application. Allow to dwell on surface for 30 seconds to emulsify soils. Scrub with cloth, abrasive pad or bristle brush. Wipe clean with clean damp cloth. **ACS GW-374** forms a milky partially stable emulsion with water. Surfaces cleaned with **ACS GW-374** should be rinsed with water to remove emulsified soils.

Dilution Ratio:

Light Soil - 8oz. to 1 gallon of water.
Medium Soil - 16oz. to 1 gallon of water.
Heavy Soil - 24oz. to 1 gallon of water.

Chemical Properties:

Appearance: Light yellow liquid
Odor: Pleasant, citrus
Specific gravity: 0.796
pH, 10% in water: 6-8
Flash point: 63°C/145°F
Metal safety: Safe on all metals
VOC (EPA Method 24): 755 grams/liter

Health & Hazards Rating:

Category	NFPA	HMIS
Health	1	1
Reactivity	0	0
Flammability	2	2
Protective Equipment	None	B

GW-374 Conforms to:

Boeing Specification D6-17487 Rev R: Exterior and General Cleaners and Liquid Waxes, Polishers and Polishing Compounds
AMS 1526C: Cleaner for aircraft, exterior surfaces, water miscible, pressure spraying
AMS1630C: Carpet cleaner in the form of a liquid.
