

Exterior Wet Wash Cleaner/Concentrate

Part # EXW-1100

DATA SHEET

Aviation Cleaning Supply • 1 Warren St. • Johnstown • NY 12095 • 518.705.4038

Description

Exterior Wet Wash Cleaner/Concentrate

EXW-1100 is a water-based exterior aircraft and aerospace equipment cleaner. This effective exterior cleaner is safe on all metals, aircraft paint and windows.

Product Advantages:

- Moderate foam
- Mild alkaline
- No solvents or glycol ethers
- No VOC
- No phosphates

Direction of Use:

Foam: Apply through foam generator diluted 1:10 with water. Allow 3-5 minutes dwell time, brush agitate if necessary, rinse with water.

Pressure Washing: Apply through pressure washer at low pressure, diluted 1:10 with water. Following 3-5 minutes dwell time, rinse with high pressure water.

Manual: Apply with brush dilute 1:10 with water. Following 3-5 minutes dwell time, rinse with water.

Dip Tank and Ultrasonic Equipment: For removing light to medium soils as a water-based replacement for solvents specified under MIL-PRF-680A. Use from 1:2 to 1:10 at 70° - 120°F. Follow with water rinse.

Chemical Properties:

Appearance: Clear, Colorless
 Specific Gravity at 68deg F: 1.021
 pH: 10.9-11.2
 pH 10% solution: 10.0-10.2
 Biodegradable EPA 796.3100: 89.8% in 28 days

Health & Hazards Rating:

Category	NFPA	HMIS
Health	1	1
Reactivity	0	0
Flammability	0	0
Protective Equipment	ALKALI	B

EXW-1100 Conforms to:

Military Aircraft Cleaners

Mil-PRF-87937D, Type IV: cleaning compound, aerospace equipment

Commercial Aircraft Cleaners

Boeing D6-17487 Rev P: Exterior general cleaners and liquid waxes, polish and polishing compounds

Boeing D6-17487 Rev R: Exterior and General Cleaners and Liquid Waxes, Polishes and Polishing Compounds

AMS 1550B: Cleaner, water-base, aircraft interior hard surface materials

AMS 1526B: Water miscible, low foaming cleaner in the form of a liquid

AMS 1527B: Cleaner for aircraft exterior surfaces, water miscible, foam-on, pressure spraying

Douglas CSD#1, Type 1: Aircraft maintenance chemicals
